APPLICATION FOR AND CONDITIONS OF CONTAINER CRANE ASSIGNMENT

- (C) The making of the Container Crane Assignment, and the use and operation of the crane(s) by the Assignee, shall be subject to the condition that the Board and its officers, agents and employees shall not be liable for any injury to or death of any person or persons or damages to property of any kind whatsoever, whether the person or property of the Assignee, its agents or employees, or third person from any cause or causes whatsoever while in, on or about the crane(s) or equipment, or while using, operating or in custody or control of the crane(s), during the term of such Container Crane Assignment, or occasioned by any use or operation of said crane(s) or any activity carried on by the Assignee in connection therewith, and that the Assignee will indemnify and save harmless the Board, its officers, agents or employees from all liabilities, charges, expenses (including counsel fees) and costs on account of or by reason of any such injury, death, claim, suit or loss however occurring or damages growing out of the same. In instances in which the Port's negligence causes or contributes to the cause of any such liability as hereinabove set forth, Assignee's obligation to exculpate or indemnify and hold harmless the Port pursuant to this item shall be limited to that portion of the liability, on a percentage basis, which is not attributable to the Port's negligence.
- (d) Assignee shall maintain in force during the term of an Assignment, public liability and property damage insurance, including completed operations, contractual, and owned and non-owned automobile coverage with such limits and such other coverages (such as broad form property damage and third party stevedore liability) as may reasonably be requested from time to time by the Port's Risk Manager, or his designee, but not less than the sum of six million (\$6,000,000) combined single limit; and Assignee agrees that that the Port shall be named as additional insured under such liability insurance policy or policies. All such policies shall be endorsed with a sever ability of interest or cross-liability endorsement and subject to the following:

SECTION IX: CONTAINER CRANE ASSIGNMENT AND RENTAL RATES	ITEM NO.
<p>RIGHTS AND OBLIGATIONS UNDER CONTAINER CRANE ASSIGNMENT</p>	
<p>(a) Crane assignment is subject to all applicable rates, charges, rules and regulations of this tariff and specifically Item 02200, Use of Port-owned or leased facilities; and Item 02205, Use of Equipment on Port owned or leased facilities; and subject further to any and all restrictions, conditions, limitations and modifications set forth in the container Crane Assignment Applications or in other written agreements with the Port.</p> <p>(b) Assignee's Rights and Obligations</p> <p style="margin-left: 40px;">(1) Assignee using the crane will furnish all load handling equipment other than container spreader(s), lifting beam(s) and head block furnished by the Port; and shall be responsible for changing such equipment if different load handling equipment is required than the equipment already attached at commencement of use. At conclusion of use, Assignee shall attach original load handling equipment if required by the Port.</p> <p style="margin-left: 40px;">(2) Assignee shall operate the crane(s) for the loading and unloading of cargo vans and containers as defined in Item 01145 and other compatible cargo to or from vessels. Performance of such other related activity which may be necessary must be consistent with the design capabilities of the cranes and related equipment maintenance and operating procedures.</p> <p style="margin-left: 40px;">(3) Assignee using the crane(s) is required to furnish a qualified operator unless otherwise indicated by Preferential Assignee.</p> <p style="margin-left: 40px;">(4) Preferential Assignee shall, at its own cost and expense, secure, stow, and operate the crane(s) and maintain and service the crane(s) so as to keep the crane(s) in good operating condition.</p> <p style="margin-left: 80px;">(a) Such operation, stowage, securing, maintenance, inspection and servicing are to be in accordance with the manufacturer's recommendations, procedures and instructions, this tariff, crane maintenance manual and instructions affixed inside the crane cab as prepared by the Preferential Assignee and approved by the Chief Engineer of the Port of Oakland.</p> <p style="margin-left: 80px;">(b) The Chief Engineer may direct changes from time to time as the situation may require, as a condition of approval of such instructions.</p> <p style="text-align: center;">(Item 09120 continued on Next Page)</p>	09120

RIGHTS AND OBLIGATIONS
UNDER CONTAINER CRANE ASSIGNMENT

- (5) Assignee agrees to submit weekly reports for billing, statistical and informational purposes in a form satisfactory to the Port, which provides information noting on forms provided by the Port, the number of moves of empty and loaded twenty foot equivalent units and hours by category specified on the crane(s) is (are) used on a vessel by vessel basis. Rates payable to the Port will be in accordance with the provisions of Section IX of this tariff except where contrary provisions of any other Container Crane Agreement are applicable
- (6) Preferential Assignee shall be responsible for and perform all necessary maintenance and service work. Preferential or Secondary Assignee, while using the crane(s) under assignment, shall be responsible for any and all damage, repairs or replacements to the assigned crane that become necessary for any reason whatsoever save and except those damages, or need for repairs or replacements, that the Assignee satisfactorily establishes are caused solely by the active negligence of the Port, by earthquake or other acts of God or by acts of third parties not arising out of or in the course of Assignees operations where Assignee's negligence or breach of its maintenance or other obligation is not a contributing cause, or by latent defect or faulty design or construction, and which damage or need for repairs or replacements was not caused in part by Assignee's negligence or breach of its maintenance or other obligations.
- (7) The Preferential Assignee's maintenance and servicing program for crane(s) shall include a requirement for immediate spot painting when paint is damaged, but Preferential Assignee shall not be responsible for the overall painting of the crane(s).

GENERAL CRANE RENTALS RULES AND CONDITIONS

- (a) Charges are for the use of the cranes only. Crane rental rates for containerized cargo shall be assessed in accordance with Tariff Items 09130 through 09165. Breakbulk cargo, defined in Item 01120 which requires use of container gantry cranes, shall be assessed crane rental on the basis of \$ 368.00 per load lifted. Wharfage, dockage and other tariff charges are in addition to the charges named in herein.
- (b) For general rules and regulations regarding use of equipment refer to Tariff Item 02205.
- (c) (Except as specifically provided in this tariff section, crane rental is billed by and directly payable to the Port.
- (d) Except as specifically provided in this tariff section, electrical power furnished to Preferential Terminal Operations by Pacific Gas and Electric Company (PG&E) will be billed by PG&E directly to each Preferential Terminal Operator. The Preferential Terminal Operator will pay PG&E directly for subject power service.
- (e) In return for providing maintenance, repair and power for the crane when used in the Preferential Crane Assignee's terminal area, the Preferential Crane Assignee may retain the maintenance, repair and power charges for said (crane(s)).
- (f) In the event the crane is used by a Secondary Assignee on the Preferential Crane Assignee's terminal area, the maintenance, repairs and power charges to the extent provided in this tariff will be billed by and are directly payable to the Preferential Crane Assignee.
- (g) In the event the crane is used outside of the Preferential Crane Assignee's terminal area:
 - (1) The power will be billed to the user of the crane by, and paid directly to, the Preferential Terminal Operator (or the Port if there is no Preferential Terminal Operator) of the facility at which the crane was used at the power rate for that crane as noted in this tariff.
